Sometimes I wonder how I stumbled upon this story. It was somehow browsing on reddit and then falling into the rabbit hole, reading tons of DD for hours on a day to day to day basis... grew a wrinkle or a few but looking at the whole picture I'm still feeling dumb as heck. Made a few other people stick their noses in and getting interested and invested in Gamestop, while most didnt care enough to look into it. I wonder how the conversations with those people will be post the big thingy. Maybe I just tell them, that I sold at a very low number, so things dont change too much and people dont expect things from me. Anyway, next week more shares should arrive at the safe heaven of Computershare. Have a nice weekend apes.
