With the amount of pressure you must be feeling about what must be coming up I am so impressed that there hasn't been any in-depth leaks that have spoiled the surprise for what is in store for the future of GameStop.

Loose lips sink ships and all that but to go this long and to keep things this tight is awesome. A credit to Ryan Cohen and the rest of the amazing GME tight lips around him.

Keep up the good work and just let us know when your ready.
