Just stop. Shills want the dissent. All you need to do is ignore them. If they have nobody to fight, there is no fight.

For smart people that use information to form their own opinions, I provide you with the following evidence that not only is GameStop a good play, but our brothers and sisters holding movie stocks will get paid too.

I plotted meme stocks in red against NASDAQ and Dow. Doesn't matter if you look at a day, a week, months... the charts match.

Take a look:

We're on auto-pilot. Everything trades algorithmically to hold off the "market correction" as long as they can. You can see VERY CLEARLY that they hit some kind of major problem in December that forces them to abandon prior tactics (waves) and resort to endless shorting.

It's over. They know it.

Let's the bodies hit the floor...
