## THE DEPOSITORY TRUST & CLEARING CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

AS OF JUNE 30, 2021 AND DECEMBER 31, 2020 AND FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2021 AND 2020

### 16. GUARANTEES

FICC and NSCC provide CCP services, including clearing, settlement and risk management services. Acting as a CCP, FICC (through GSD and MBSD) and NSCC guarantee the settlement of trades in the event one or more of their Participants' defaults. A Participant default is defined in the respective rules of NSCC, GSD and MBSD. In their guarantor role, each clearing subsidiary has equal claims to and from Participants, as applicable, on opposite sides of netted transactions. To cover their default risk, FICC (through GSD and MBSD) and NSCC use risk-based margining to determine Participants' required cash and eligible securities deposits to their Clearing Funds. NSCC's trade guaranty attaches at the point of validation for locked-in submissions, or at the point of comparison and validation for bilateral submissions.

DTC, NSCC, FICC and The Options Clearing Corporation have also entered into a multilateral netting contract and limited cross-guaranty agreement. In accordance with the cross-guaranty agreement, these clearing agencies have agreed to make payments to each other for any remaining unsatisfied obligations of a common defaulting Participant to the extent that these clearing agencies have excess resources belonging to the defaulting Participant. Under this agreement, no party ever needs to pay out of pocket and no party can receive more than its loss.

Details for open CCP positions for which a trade guaranty applied as of June 30, 2021 and December 31, 2020 follow (in billions):

	2021	2020
FICC		
GSD	\$ 1,089	\$ 1,201
MBSD	458	629
NSCC	249	183

See Note 21 in DTCC's Audited Consolidated Financial Statements for the years ended December 31, 2020 and 2019 for additional information on the Company's guarantees.
