Looks like more connections to our favorite insider.

Speculative decode on graphic. Open to more suggestions.

But is KYOU trying to tell us something else with this connection... especially with drop 2148 tying in? Was CITADEL involved with 911? Perhaps they had a vested interest in seeing the ENRON files destroyed that were located in the SEC offices in building 7? This is pure speculation. Hoping this sub has the hive mind and can dig into this or share past research on the topic. I honestly have no clue if Kenny and friends were connected to ENRON or 911 but I do feel KYOU is trying to tell us there is some connection here.

The moon is coming into focus.

LFG!

Update: I misinterpreted. Today (7-20-2021) the entire market may have been a dead cat bounce

Edit: Well would you look at that? The possible Enron connection emerges....
