Keith Gill aka RoaringKitty aka DeepFuckingValue is like the Messiah in this complete GME Saga.

When he is reactivating his acc on reddit (i hope before reddit IPO), it will result in a massive FOMO.

Why we didn't see any?! No friend or something is giving a sign, while the hype about DFV is not getting less.

When the time has come, DFV will appear like the undertaker ■

Maybe in combination with an option wall and NFT official announcement
