*****3 KEYS TO LOCKING FLOAT:*****

1. ■The word about DRS and GME needs to be spread to the masses outside of Reddit. If every ape would just try to reach 1 other person outside of Reddit each day, the float would be locked in no time!
2. ■Apes with money tied up in other investments could convert those to GME and DRS. This includes taking the tax hit on IRA if you can. Please consider trading in your "other investment" now. It's the perfect time. Even IF both squeeze, only GME has a turnaround plan that can launch MOASS.
3. ■Apes with shares in Etoro and other brokers that will not DRS: think about *Selling and re-buying elsewhere!! * Please don't trust your tendies to a broker that won't DRS!

*****Changing the world is what's at stake!!*****

BE the change!! Lock the float
