Hello everybody,

I started a transfer from IBKR (italian guy here) of 5 shares of GME in November, just to test the water before jumping in with my xxx.

IBKR side the request seems to be ok (see the attached picture) and finalized on 2021-12-01.

But I had no news from computershare.

Do you have any hint about how to solve the issue? this timeframe seem too long for me.

thanks a lot :)
