So, it was right in front of us the whole time. Here's the discovery:

Spice girls are 5, there are five points to a star. A star is actually in the word stardom. Stardom meaning is as follows, "the state or status of being a famous or exceptionally talented performer in the world of entertainment or sports". Sports are competitive and about winning. You know who likes to win? You got it. Competitive chess players. And how do chess players win? By strategy. And guess who uses strategy? Papa Ryan!!!!

So it's simple, Ryan is saying that he will use strategy to win. How you ask?

The name Ryan has 4 letters - 2 consonants and 2 vowels:

Consonants: r - n

Vowels: y - a

GROWTH NUMBER: 22

22 is important because $2+2=4$. And four being important so you count it as double. Which equals 8. So you have 4, and then the double of it is 8. They say there will be ONE dividend coming up. So you subtract it from the 8. What does that give you? 7!!!!

7-4-1

July 4th, is independence day. 7-4. And it will be the ONE event that will affect us all. So the week of July 4th will be the ONE time you have to become rich with GME .

Dates are all here

Is it financial advice? Well. I am not saying no. I'm also Not saying it's definitely Not financial disadvice.
