[TL;DR]([https://www.youtube.com/watch?v=VMqcLUqYqrs&t=208s&ab\\_channel=AbuWadee3](https://www.youtube.com/watch?v=VMqcLUqYqrs&t=208s&ab_channel=AbuWadee3)) As we continue to fight the good fight, I wanted to write my first DD... Or Possible DD. Every federal employee takes this oath of office: "An individual, except the President, elected or appointed to an office of honor or profit in the civil service or uniformed services, shall take the following oath: "I, AB, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God." This section does not affect other oaths required by law."

To me this is where the battle begins: \*\*\*The Constitution of The United States of America.\*\*\* All of this crime has happened on US soil in US Markets. There's currently Financial Terrorist who have taken the Free Market and have orchestrated the Largest Heist, robbing the working class/retail of not only their money, but their freedom and fairness. With that being said if I use the word "We" I'm speaking as "We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America." That's the good ol' preamble of the Constitution.

This whole time we have expected the SEC, Congress, DOJ, FBI, CIA, and Judges to have good morals and do what is right for the people, but they are not. They are complacent and NOT abiding by their Oath. All federal employees need to take a look in the mirror and ask themselves are they following the constitution and upholding it. We the people of the United States have a case that should be seen in court. All federal officials who were involved in the congressional hearing in February of 2021 need to be immediately investigated and all of their work needs to be paused, pending investigation. The congress men and women that have violated stock laws where there is a clear conflict of interest in their buying and selling need taken out of their federal positions. Yes, I'm talking about you 50+ Congressional members that were guilty of insider trading and violating the STOCK Act at the beginning of the pandemic. Federal agents in the SEC, FBI, DOJ, and CIA that are aware of the problem and aren't doing anything about it need to be investigated and tried. You are NOT above the LAW.

Bill Of Rights-

Fifth Amendment- DUE PROCESS

Sixth Amendment- Right to a Speedy, Fair, and Public Trial

From this point moving forward No Cell, No Sell means something more to me. I want to see every single federal official that is breaking their oath investigated, tried, and pulled from their position. We have the numbers on our side. They don't deserve their job, their pension, or their ability to invest in future markets. And of course some should be in jail! A handful of things we have going for us. Again we as in we the people of the United States. 1. We are hungry... hungry for change. 2. We are putting pressure on the powers that be. \*\*I would strongly suggest in letters to federal employees you start reminding them of their oath.\*\* This will provide evidence for the future that they are/were well aware of what they are doing. 3. Gamestop- The company is performing and performing well. There's so much mystery about what is to come that it jacks my tits just thinking about. Holding GME will be like holding BRK.A. Because of the fundamentals and how supply and demand works. Answer to life-4.2. Trending/Viral/FOMO-- It's the one thing they really don't have a full grasp on. Is the dress blue and black or purple and gold? Are those Naked shorts red and corrupt or blue and criminal? #OathOfOffice They can't stop FOMO and as soon as this ticking time bomb goes off you can guarantee they will scatter like roaches. That's when we must be ready to stomp them and stop them from poisoning this country... LITERALLY. 0. If you didn't click on the TL;DR I would strongly suggest going back up to the top and clicking it.

Extra: BCG is dog shit wrapped in cat shit and sold as consulting. As soon as good companies realize the fraud and Bullshit lies that BCG is telling them the faster they will start to connect Citadel and the crooks within their companies and why their company is declining into Bankruptcy. BCG taking Gamestop to court makes me happy. Because Gamestop has NOT done anything wrong. And it's a great time for BCG to air out some dirty laundry.... Maybe even some shorts.

Sincerely,

Silence Dogood
