\*They've been backstabbing humanity and basic human values for decades now.\*

We know the Wall Street network is as corrupt and crooked as they come. \*To be fair, they have donated to Make-a-Wish and Children's International a few times over the years,\* but it's been in pittance. If a serial killer donates once in a while does that negate their murders?

This is where [banal evil](<https://philosophybreak.com/articles/hannah-arendt-on-standing-up-to-the-banality-of-evil/>) comes in, I think.

He carried out his murderous role with calm efficiency not due to an abhorrent, warped mindset, but because he'd absorbed the principles of the ... regime so unquestionably, he simply wanted to further his career and climb its ladders of power.

Sound familiar?

The \*Wall Street regime/network\* is directly tied to:

- \* propping up and perpetuation of the military industrial complex
- \* propping up and perpetuation of the prison industrial complex
- \* lobbying against healthcare reform
- \* manipulation of honest companies
- \* fostering and encouraging ignorance of climate change
- \* skewed/corrupted banking policy and basic inflation
- \* outright criminality; i.e. fraud, theft, national and international bribery and lobbying, etc..
- \* national and international destabilization via "profits over people" culture and dogma

It's not a stretch to compare the Berlin Wall of yesteryear to Wall Street of this year. Both are representative of deep, thorough, complete oppression and corruption.

Tear down that fucking wall.
