So I'm in the military hence how I have a TSP. Well, 2 actually, I was title 32 which is a federal technician and now I'm active duty. I have one for each, but my title 32 TSP I cannot use nor can I add to it. My chief just told me I can transfer it to another money manager which is what he did. Does anyone know if I can transfer it to computer share? If so it about 20K+ worth of shares. Please Help me apes...
