Hellow fellow apes. Long time lurker since 2021 January with new account (old one got doxxed lol). Greetings from Lithuania and Slava Ukraini!

I've submitted these instructions to drsgme.org website and hopefully they will add them. In a meantime I will post them here.

Instructions:

1. Create InteractiveBrokers account and initiate "Inbound" position transfer (to IB).
2. Select "All other Regions" the only visible choice
3. Submit the following details:
 - **Financial institution**: SEB BANK
 - **Account type**: individual
 - **Country of financial institution**: Lithuania
 - **Contact email of financial institution**: info@seb.lt
 - **Assets**: enter the exact amount of GME shares held at SEB BANK.
4. Submit request.
5. IB will issue a PDF document for you to download. It contains instructions on how to transfer shares from SEB BANK to InteractiveBrokers. This PDF document needs to be provided to SEB BANK.
6. Go to https://e.seb.lt/ (SEB BANK account login page) and login.
7. Click on "**Kitos paslaugos ir nustatymai**" tab, then click on "**Elektroniniai dokumentai**" selection.
8. Upload the provided PDF file and sign it.

After successful upload, in about 1-2 weeks your shares will be transferred to InteractiveBrokers and from there on, after 30 days (enforced period by IB) you will be able to DRS your shares.
