Just replace AJ Bell with your broker's name. If you can't find your broker guide, let me know and I'll see what I can dig up!

AJ Bell is a UK based broker that is unable to Direct Register shares, so you have to transfer them to a broker that can. Broker to broker transfers are free with AJ Bell, but they will charge a £0.10 fee if you do a full account transfer.

In the UK banks/broker's such as Halifax, Lloyds and iWeb can DRS transfer for free.

Another option is to transfer to an international broker such as Revolut, or IBKR. Revolut can DRS for free and IBKR charge a small fee of \$5.

Guides for all these brokers are available and you can summon a guide for them using the DRSGME wizard.
