Guys this is so annoying....We make everything to win this but the shitheadfunds still manage to push the price down. I hope every one of you is so mad as I am and you all buy some more as I will today . I don't want lambo or anything anymore, my new goal is, when we will be billionaires we will short the shit out of them till they all go down to 0. I'm not an angry person in general but this thing makes me angry every time I see this level of fuckery.

I know most of you feel the same, just be strong, be patient and buy more if you can. GME to the moon and see you there fellow apes ;)
