Hello Apes,

Can someone please activate my gamestop wallet for me? I transferred 194 LRC over to the wallet, but it turns out I needed ETH to activate it. I tried swapping LRC to ETH through the GS wallet but I dont have enough LRC to meet the minimum requirement.

I need .000792 ETH to activate. Can you help an ape get started with web3 and the upcoming GAMESTOP NFT MARKETPLACE?

To the moon■■■■
