Is_self: False

Earlier i stumbled upon this [thread](https://old.reddit.com/r/Epstein/comments/l5y79y/anyway_to_see_this_deleted_threads_comments/) from this sub. It linked a very interesting post that was removed in a strange way. reddit, removeddit and other ways to look at deleted threads wouldn't work. Google cache used to show it but now it doesn't. I didn't save the page but i did save some of the text. it had 13 comments that unfortunately could not be interacted with.

>Leslie Wexner needs to be indicted for sexual exploitation, extortion, kidnapping and ultimately being a foreign agent and for crimes against humanity
Wexner was one of the master manipulators for Mossad in the US.

>Wexner, using an array of people and unleashing unlimited amounts of money, funded a massive and ultimately successful effort to push for a US invasion of Iraq on the false lies of Iraqi WMD and 9/11 responsibility. This has lead to 6Trillion spent, millions of Iraqi civilian dead , many thousands of US dead and the removal of one of Israel's key nemesis states. Wexner should have way more than serious extortion, pedophilia and sex charges against him, but that's a good and essential start.

>Mossad has relied on Wexner for countless misdeeds but the 2003 Iraq War was by far the most consequential for the US, Israel and the World. There is much about this everywhere. More people should be aware about how these seemingly innocuous elements and miscreants are able to hijack a superpower. Wexner was close to Epstein for many reasons. Epstein's ability to compromise people and deliver what was required was chief amongst them.

>As we all know this ability was not so much magic but the use of forced sexual exploitation of children and enticing teen models. Virginia Roberts and others have said.. Epstein would frequently initiate the baiting episode by putting an attractive preteen or teen model in front of a powerful person and ask that person slyly to guess the girl's age.

>Why would Wexner supposedly let \$46 million supposedly stolen by Epstein slide by with not even a police complaint, let alone a lawsuit, or have transferred Manhattans largest town house to Epstein for nothing. Wexner and Epstein are two sides of the same coin so to speak.

>I hope the SDNY and the FBI are going to do this for the American people and deliver justice on this, for the living and the dead.

>Israel always considered Iraq its mortal enemy and its nearer immediate threat. Israel's nearest and dearest allies and proxies within the 43 Whitehouse pushed for the war. Leslie Wexners role in a ruthless and forceful behind the scenes push for war is very well documented.

>A good summary of the broad push by Israel itself for the war.

Of the 13 comments, only one was able to be seen from the Google Cache link that once worked. Here it is:

>Agreed. Arrest him now. He is a key player and has been for a long time.

>Bob Fitrakis AMA 6 months ago: Epstein arrest "was a direct attack on Trump's cabinet as well, since Acosta was the prosecutor for Epstein in 2008. Although the New York Times now reports that Bill Clinton flew on the Lolita Express 20 times. So I'm thinking he gets killed in prison."

>Bob Fitrakis, investigative Journalist, Professor of Political Science, and Editor of the Columbus Free Press. From 1997 to 2003, I was one of the first to investigate and report on Epstein and Wexner's connections to the intelligence community and organized crime. Below I've linked a few of the articles that cover this. AMA about this or other work I've published.

>Wexner's Royal Connection

>The Wexner War

>The Shapiro Murder File

>Spook Air

>Edit: It sucks but the AMA that Bob did is now lost (links to Fitrakis's articles still work) because r/ChapoTrapHouse, a subreddit based on the leftist podcast of the same name, was banned because they "consistently host rule-breaking content and their mods have demonstrated no intention of reining in their community."

The 4 lines above the Edit were all links, but the quote doesn't save the link. but i do believe if you google them, the first result should be what the commenter was linking. so it should be these

[Wexner's Royal Connection](<https://columbusfreepress.com/article/wexners-royal-connection>)

[The Wexner War](<https://freepress.org/article/wexner-war>)

[The Shapiro Murder File](<https://freepress.org/article/shapiro-murder-file>)

[Spook Air](<https://freepress.org/article/spook-air>)

I mainly wanted to "repost" this deleted thread because it looked extremely interesting and i wanted to comment on it as well as see what others think about it.

It seems to be no secret that Wexner is some sort of mob boss or at least a figure in the world of organized crime. He co-founded [Mega group](<https://mintpressnews.cn/mega-group-maxwells-mossad-spy-story-jef-frey-epstein-scandal/261172/>) and with all the links from the above it seems to be clear that he should be under scrutiny from Mainstream Media(MSM) and the FBI. But he isn't.

We also know shortly after Epstein got caught for the final time, the media really tried hard to clean his

image.

>["Many media outlets referred to Epstein's victims, both acknowledged and newly alleged, as "underage women." The New York Times used the term. So did New York magazine. Jezebel counted 90 instances of it aired on broadcast news in the days after Epstein's arrest alone.

The phrase is wrong in every sense: There is no such thing as an "underage woman." Underage women are girls. "](<https://www.theatlantic.com/entertainment/archive/2019/08/jeffrey-epstein-and-the-myth-of-the-underage-woman/596140/>)

So why has the media tried so hard to [clean](<https://www.usatoday.com/story/news/nation/2019/07/12/jeffrey-epsteins-sex-trafficking-case-what-do-you-call-his-crimes/1713172001/>) and downplay the epstein scandal. and why has Wexner been free of any scrutiny?
