This post contains a re-write of the sacred ~~screeches~~ texts from our ape u/always sad but truthful, who's been researching companies alluded to in papa Cohen's tweets. My dude has been pumping post after post harder and faster than your wife's boyfriend pumps her while he lets you play on his NDS, so with the help of the autism HQ, we have been lazily trying to translate them from madman into meme-speak in a very Martin Luther effort to bring this down for those of you who were left confused but also aroused.

So buckle the fuck up, morons. I had to sit down and try to squeeze my brain into forming a single wrinkle this weekend so I could return with the light to this finance-adderal-infused version of Plato's cave and shed some aluminum-bright numbers to you. It's likely edits might happen to this post in the future if a more smarter brain person adds a correction or something of value.

[this is a 1hs long video explaining the whole thesis in detail](<https://www.youtube.com/watch?v=rBJCwVoog4A>): but I know you you lazy bastard and yes, there will be a TL;DR.

[this is the original post from OP](https://www.reddit.com/r/DeepFuckingValue/comments/p2oy3j/writeup_on_simplex_blackrocks_put_eating_tool/)

Fintel shit I can't afford but will be linked on post.

2. TL;DR

Simplex = bad

Why bad = VERY SHADY numbers and returns + other autistic shit I don't get paid to enough to

understand

3. THE RE-WRITE

Strange, because it used to be my favorite animal until i started this series.

So in the OPI I just did, as well as many of the other positions in the [🔍](https://emojipedia.org/magnifying-glass-tilted-left/) T W E E T [🕵️](https://emojipedia.org/detective/) [👁️](https://www.dictionary.com/e/emoji/eyes-emoji/#:~:text=The%20eyes%20emoji%20is%20a,to%20Emoji%201.0%20in%202015.) series, I got another one for you: let's take a sensual little look at[Simplex Trading, Llc - Portfolio Holdings (13F, 13G) (fintel.io)](https://fintel.io/i/simplex-trading-llc). These bitches seem to be yet another toy in the Kenny G dildobox. So lick my balls, *SIMP*lex. Let's see why you choose to foot the bill for these inbred mayo hoarding cucks.

Portfolio Value: \$ 55,654,631,000

They have calls/puts all throughout the tweets (including GME)

Why not hold it the entire time? Maybe cause you're accepting it while it's a debting position?

Whatever bitch, let's look at the positions that gave a GOOD return then. Maybe somehow these fluffers for Kenny G can somehow foot the bill.

[Yup. They seem to do well.](<https://preview.redd.it/9albww2hjlh71.png?width=3643&format=png&auto;=webp&s;=e1cfb6d73d620ceb6355297ac27cad33915e32c5>)

That ****+54542,20% return**** at the top right there be looking juicier 🍑(<https://emojipedia.org/peach/>) than your wife behind the wendy's dumpster... Especially if I do THIS assortment by average share price PER SHARE. Please don't be retarded and say this is a total. Average does

🍌(<https://emojipedia.org/no-entry/>) not

🍌(<https://emojipedia.org/no-entry/>)[🍌](<https://emojiterria.com/es/no-esta-bien/>)mean total.

Would anyone like to explain to me that BLACKROCK WASN'T THE RECEIVER OF 73K PER SHARE? My dudes, at what point in their chart was autozone worth 129k? Idk but I'm about to go all Dora the Explorer on them next. Bro i'm straight up SICK OF THESE MOTHERFUCKING SNAKES 🍌(<https://emojis.wiki/snake/#:~:text=Snake%20emoji%20is%20the%20picture,it%20looks%20kind%20of%20creepy>.) IN THIS MOTHERFUCKING ROCKET

After going through enough of these, you will start to see this is a fair market...NOT!!!!1111one

And considering how I found these, maybe your brain might start to hurt. That's your brain starting to form some wrinkles, don't be scared. And maybe then, you might start to wonder if these profits are how GME is being actively suppressed. How many more of these do I have to go through? I'll keep going because clearly y'all too autistic to stop screeching at each other and need papa autistic aka. OP to spoon feed you some straight FACTS.

Ken tried to gaslight me again. I will dig harder than his wife's boyfriend until his WHOLE HOUSE has no foundation.

Griffin U R Fukt. I LIKE THE STOCK. This has become the market vs. GME now. I'll keep showing these, so take a seat and stay tuned. There is only one play for us real ones. You know which because I know which, AND I LIKE THE STOCK.

Can't STOP won't stop.

P.S: we hang around discord.gg/DeepFuckingValue a lot to mainly to screech at each other and make sense of this saga a lot. send help ■

P.S2: my retarded ass wrote "SEARS" in the title but clearly if you've read this far you'll have figured this is about Simplex. I can't edit the title but the SEARS tweet unravel is coming soon.
