Edit: OMG. ■ Thank you so much for all the kind words, love and support shown to this post. Although this was heavily downvoted, I'm still so glad it managed to reach some of you and I really appreciate all of you!! Do let me know via comments to this post if you have any feedback or suggestion to improve this into the best ever DD compilation! ■ Let's continue to welcome our new apes with this long wall of text!! ■

#For those who understand, no explanation is necessary; For those who don't, no explanation will suffice.

Hello ape fam■ I'm u/asianlady_. Nice to meet you if we haven't said hi to each other. Although the original dd compilation post was old, it still got the attention of downvoting shills everyday. Since then, I've also received plenty of strange notifications, from personal attacks to death threats. Whoever they are, for whatever reasons, I strongly believe that they just simply do not want new apes to have access to the marvelous DDs made by our community. As for me, I really don't care about them and since I've also been asked before to repost the DD, here it is!

#APE RULE #1: Do Your Own DD and Make Your Own Plans!

This post is progressively updated for the new apes and apettes. It may not be perfect but it should contain some of the most important ones! Do check r/amcstock for more DD related to AMC stock, use the flair or filter by top or hot posts. In this new post, I've improvised a little to make it easier for you to navigate!

As our community is growing everyday; please be selective of the source of information, too much fake news out there! The compilation was originally created for educational purposes only but now reposted because even the words "too much" is an understatement; the articles we read and the TV news we viewed, many mainstream media do not report the truth and most often have been manipulated! ■

#APE RULE #2: NO predictions, NO dates, NO financial advice!

Remember, do not ask or give financial advice! Read r/amcstock rules before participating in this sub. We should not ask anyone to buy or sell for legal reasons but you can absolutely do what you want; such as trusting the process and HODL! ■■■

Also, we have many friendly and helpful OG apes and mods here, feel free to ask them questions or visit the daily livechat where they are usually most active during US trading hours. However, it would really be nice if you could do your own research first because many of them have been asked the same questions over and over again.. so this is another one reason why this compilation exists!

If anyone is breaking the rules or harassing anyone, do dm or tag [our beloved mods](<https://www.reddit.com/r/amcstock/about/moderators/>)! ■

#Useful links to watch the market:

Do note that in general we do not have a trusted mainstream media and websites as companies with integrity are almost non-existent due to many complicated factors, politics, money, etc. If you analyze enough, we're sure you could tell there are just too much FUD and misinformation.

#Verified AMC DD Writers Who Are Active on r/amcstock!

Special thanks to all the amazing wrinkled apes on this sub, baby apes are forever thankful for your voluntary contributions!

u/Few_Campaign8623, u/AnnaSlatz, u/einfachman, u/Appropriate_Elk_3827, u/skyphoenix,
u/Feeling_Point_5978, u/Cigarsnbeer, u/Relevant-Ad-6932, u/nigolishin, u/CrsCrpr and many more!

Also, I believe there are a few passionate apes out there actively creating contents on Youtube but unfortunately I don't watch any of them and I am also aware that there are a few fake apes or some ultimately being paid to create FUD so this list will be kept short as possible as I cannot vouch for most of them! If you really prefer to learn something about AMC stock or just to stay informed over Youtube, some of our apes are very fond of: TreyTrades and Matt Kohr.

Feel free to nominate users (even yourself) via comments on this post, kindly do not dm me as I don't read dms and please don't be offended if you're an active DD writer but your username is not listed here yet; this sub-reddit and reddit itself is a huge website, there are too many posts and I could only do/read so much a day. Just reply to this post, I'll try to update this list when I can.

#All AMC Investors Are The Real MVPs!

To whoever reading this, I hope you will find this useful and hope someday, somehow we will have a fair market for all! Do know that all of you are equally important, no matter where you are from or what your

background is. Be kind to yourself, take care of yourself. This big ape family are all hodling for each other and APES STRONG TOGETHER!

Feel free to share this post to others as well as using any of the contents you may find here for your further research or even making a new, better post!

Remember to like r/amcstock Daily Live Chat (Daily Thread) and ALL OTHER USEFUL DDs! Keep sharing DD and motivate each other!! Great job for HODLING everyday fellow apes and apettes!! ♥■♥■

For more DD, older list of links, refer to [the old dd compilation](https://www.reddit.com/r/amcstock/comments/ns3mga/amc_dd_compilation/) as most of them have been archived there to keep this post easier to navigate. Anything removed from here, I'll just dump the links there I guess. It could be a little messy there but it's full of great DDs; feel free to do your own DD and make your own plans!!

If you have or know a post that was created by our members that should be linked here, do reply to this post with the link. Once again, kindly do not dm me as I don't read dms and it had been buggy recently. If you need to reach me, just reply to this post. Kindly understand that I'm only able to do edits in my free time only.

I'd also really appreciate feedback for this post as no one is perfect in this world. Although I've done my best to vet every single link that's linked here, I cannot control everything especially our fast paced world is ever changing; what is relevant today might not be relevant tomorrow. Who knows, maybe the original content of the posts I've linked were edited or replaced with misinformation? Anything can happen right.

#■■■ AMC TO THE MOON!! ■■■

Finally.. If you managed to read everything up until this last paragraph... Congratulations! You're awesome! This would likely be my last post related to AMC DD; I've never been so active online until I joined this sub. I'll try to update this as much as I could but I need to focus on my personal projects now. Please know that even if you don't see me regularly here anymore, ASIA IS HODLING FOR YOU ■■■ and even after moon, I'll still HODL AMC shares in the future! If you'd like, we can keep in touch here or on my social media accounts (sort of inactive for now though). I'll still try to drop by the livechat whenever I could! See you on the moon, ape fam! ■■
