

Title: Not even Ryan Cohen is 100% in on GME. He still holds a SIGNIFICANT part of Apple in his portfolio. The stigma of bullying people for not being all in on GME needs to STOP.

Hello all,

Just wanted to bring this issue up. A lot of apes get really flustered and angry when you admit you have other stock investments.

As you know, even our lord savior Ryan Cohen has bigger investments elsewhere. He isn't even CLOSE to being 100% GME. Why this is? It's obvious.

Just wanted to post this to try to change the culture around here.
