Millionaires, thousandaires, or hundredaires? I am now 14 months in of holding GME and I ain't leaving until that number hits where I want it to. I never thought I could hold this long, but damn if I haven't. If it drops back to \$80 or even \$40 I will continue to hold. These Hedgies created a patient and angry ape.

My biggest desire: For those that dogged me and said I was an idiot my whole life...I roll up in my Lambo with my diamond dong hanging out the window at my HS reunion in Sept. I step out and everyone is dead silent, like Will slapping CR silent. Then I light my Cuban and rip a caviar fart right in their faces. Then I throw a bunch of hundreds into the air and yell "hey everybody we're all gonna get laid!". Then I toss the shitty band out of the building only to bring to the stage none other than the real Kenny G. Scotch on the rocks but only two because I have to drive and fly out in 2 hours in my G5 to Barbados for "an appointment". The next day all is right with the world!
