^(I originally posted this as a comment in the daily but wanted the hype to reach a wider audience. Sorry, not sorry.)

Calling it now:

GMERica is an entirely new company, completely separate from GameStop but birthed from our beloved. GMERica is a [spinoff](https://www.investopedia.com/terms/s/spinoff.asp). ^(That's a link to Investopedia which explains in more detail what a spinoff is.)

GMERica will be the Metaverse and NFT marketplace baby, while GameStop will stay as the brick and mortar/ecommerce momma.

>A spinoff is when a company takes a portion of its operations and breaks it off into a separate entity. In a spinoff, shares of the new company are distributed tax-free to shareholders of the parent company.

GME will distribute the new shares of GMERica as NFT dividends to all GME owners at 1-for-every 1 GME share or maybe 7-for-every 1 GME ■

Below is a list of the largest ever spinoffs:

If you want to be an owner of GME's spinoff, GMERica, you will need the NFT share(s). GMERica will issue regular dividends in the form of NFT's or a cash as a profit sharing model with all shareholders. With a profit sharing model, apes will get continual, growing income from one of the largest, if not the largest, new tech companies in the world.

All DRS'd shares will be guaranteed the GMERica NFT(s) and shorts will be forced to close their positions or provide the NFT share(s) to the shareholders who own their shorted GME shares.

This will create a ****WOMBO COMBO**** squeeze. GME shares will squeeze as shorts try to close their short positions *(duh, we've been talking about this for months)*.

At the same time, the new NFT shares of GMERica will squeeze as shorts try to buy the NFT shares to distribute to the owners of their shorted GME shares, themselves.

Most apes will never want to sell either their GME or GMERica shares because of the regular dividends or profit sharing model, meaning both GMERica NFTs and GME shares will both go way beyond the moon and likely find the edge of the Universe.

INFINITY SQUEEZE BABY!!

Prepare for liftoff Apes. Every single one of us will be taken care of for life after this thing lifts off, whether you have one share or one thousand.

See you space cowboy. ■
