Okay. First off. Your going through the tweets wrong.

[It's just not how ya do it.](<https://i.redd.it/dikz7lcgq9u71.gif>)

So go ahead and follow along with this super simple one. :) . This one was easy.

The flag half mast was a thing noone seemed to pay attention to. But i think there was just a hint of depth to this..

Fly the American Flag at Half-Staff(or half-mast) when a state is in mourning. I'm thinking it was for his coworker Chris R. Homeister, who was President of Gamestop since June 10, 2019 and resigned the day after this tweet. <https://fintel.io/doc/sec-gamestop-corp-8k-2021-april-30-18747-196> is the 8-K announcing such.

positions to note included VP or President of best buy, Gateway inc., Tile Shop Hldgs Inc., Gamestop Corp., and Entertainment Business Group.

CEO George Sherman was the signing executive on this paperwork. Along with Homeister too ofc. Who is this George Sherman?

<https://i.redd.it/vqoonvqrq9u71.gif>

Sherman was the CEO of Gamestop Corp. was. He's got a decent history..

<https://preview.redd.it/sjqxpmctq9u71.png?width=774&format;=png&auto;=webp&s;=9565500a3238c8b5921de278acbe39ddeb93da30>

Not just Gamestop, but he was also the CEO of GameStop corp., Verizon Wireless, Target, Advance Auto Parts, and Senior VP of best buy.

Here is a [Note to Sherman from Hestia Capital](https://www.sec.gov/Archives/edgar/data/1326380/000119380520000339/ex991da212166002_03122020.htm) in march 2020 insisting a stockholder board member be installed

One month later, April 2, 2020, In this filing from > [Scion Asset Management](https://www.sec.gov/Archives/edgar/data/0001649339/000090514820000491/efc20-335_sc13d.htm) < Burry is requesting a few things.1)Hey Danny, my dude, Get these fuckers outta here for me yeah?

2)sherman step down from the board to allow room on the 7 member board. neat right?

<https://preview.redd.it/gfmgp721r9u71.png?width=1816&format;=png&auto;=webp&s;=c1caef91790ba4abfb512a66c382b6d0109c931a>

Who's Daniel Dematteo You ask?

Well obviously he's somehow known by Burry who seems to address him specifically out of all other board members. he must be the secret boss or something right? naw. He was just a Director in many places. Like my wife's boyfriend, he's been around.

Both of these guys forfeited a decent chunk upon exiting.. they got rekt. Read about that here:

Interesting to see these names come up repeatedly throughout these past 40 years :

- * the President for Barnes & Noble, Leonardo Riggio
- * the President of B. Dalton, Stephen Riggio, is chairman of B&N; now.
- * The President of Electronics Boutique, James Kim
- * The President of Babbage's, James B McCurry, was at Babbage's , neostar,
- * Mitt Romney. (this one was a WHAT THE FUCK connection me), He is a HUGE part of Bain & company <-- needs a LOT more digging.
- * Daniel Dematteo, The President of Software etc., was chairman of GME in 2007. He is executive chairman of GameStop corp. now. He was on the board of Neostar Retail group as COO. He was also President of [SUNRISE PUBLICATIONS, INC.](https://opencorporates.com/companies/us_pa/2635955)

have a common thread here. That common thread would be B.Dalton Bookseller. Barnes & Noble Chairman at the time, , Leonardo Riggio, had his little brother, Stephen Riggio, leave Barnes & Noble to work at B. Dalton. Later this became a subsidiary of [Vendamerica, Inc.](https://opencorporates.com/companies/us_ct/0101906) which these two brothers together as Chair/Vice Chair..

<https://preview.redd.it/44scqi43r9u71.png?width=665&format;=png&auto;=webp&s;=11f72447dcf04dba9a1914707e86a2bac52acc6c>

Babbage's, Software etc. merged to create neostar group. It bankrupted and Barnes n noble acquired Babbage's and Software etc. and then proceeded to merge them under the Babbage's banner. Barnes and noble then acquired Funco inc. (funcoland previously), and then EB games. all of these are things that were involved into the 2005 merger between EBgames and GameStop.

All subsidiaries combined to create GameStop were controlled by Electronics Boutique and Barnes & Noble. Interestingly enough Babbage's and Neostar Retail Group had W. Mitt Romney on the board of directors, while he was still in with Bain & co, I believe.

Lill thing about babbages:

<https://preview.redd.it/9n8vhfo4r9u71.png?width=557&format;=png&auto;=webp&s;=181096ec82a31bf0fd1d0fd7a42b51d5e151e163>

It shows that Daniel Dematteo was working with James B. McCurry & Gary Kusin, founders of Babbage's.

B. Dalton then Created Software ETC.one about Software ETC.

<https://preview.redd.it/13q2bdi5r9u71.png?width=965&format;=png&auto;=webp&s;=06e333810515ce26703f5716ce1cd51cb45fba21>

Oh hey Daniel Dematteo as director here as well. And also James b. McCurry? But it was owned by B Dalton booksellers at the time. That's interesting.

lil thing about Neostar..

Here we have the company that Babbage's and Software ETC were merged into in 1994. This shows that James B McCurry and Daniel Dematteo are Still on board. But this company has 2 important additions that shouldn't go unnoticed. Richard Fontaine from electronics Boutique and W. Mitt Romney from Bain capital.

<https://preview.redd.it/3s2b7o46r9u71.png?width=940&format;=png&auto;=webp&s;=dfc06149f9c4e24f565eecf667b0dd8ca44a9eaf>

This is where it get's interesting to me.

These friendships go WAY back. still I wonder if they all knew each other from Neostar and this is a wife's boyfriends girlfriend's husband thing. Not sure. Let me ask my wife's boyfriend if he knows Sherman's wife's boyfriend. I'll let ya know in the next post.

I guess this is the beginning of my **what made GaMEstop DD** for you guys.

Electronics Boutique + Barnes & Noble = acquisitioned all software stores except dept. retail stores.

<https://preview.redd.it/h9yxl4p9r9u71.png?width=902&format;=png&auto;=webp&s;=c82aa093b75135db79941327b045561d8f5ba1f5>

O gee. Fontaine was President at a GAMESTOP location too? Hmm. Notice the previous name of FUNCOLAND. GameStop 7503? thats a weird trading name.

<https://preview.redd.it/wxr5nr6ar9u71.png?width=659&format;=png&auto;=webp&s;=9a54fc69da89c3de90dffac4a9eb855b55a009a5>

So Fontaine is a long standing executive it would seem from 1980s onward. So was Dematteo. No wonder burry wrote him directly saying make way for the homies.

Last bit:

This Michael N Rosin? Well he's this stud:

<https://preview.redd.it/xu8xwv9br9u71.png?width=968&format=png&auto=webp&s=afb2124a3a8d26bc06002394db32d253015af825>

i mean, just look at that smile.

To quote [This page about him](<https://www.bclplaw.com/en-US/people/michael-n-rosen.html>): Among the public companies with which Mr. Rosen has worked are Barnes & Noble, Inc. and GameStop Corp., and he previously served as a member of the Board of Directors for both companies. Wanna see everyone's name on the same filing from 2006 because it's officially sexy? A lot of different companies to create what is GAMESTOP.

<https://sec.edgar-online.com/electronics-boutique-holdings-corp/s-4-securities-registration-business-combination/2006/04/26/section47.aspx>

Now. I'm done. Not sure why but i felt like sharing all this.

edit: will keep updating. Probably need a 2nd post. This is GameStop fundamentals 101. Who worked where at what time, for ALL of the subsidiaries and companies that combined to create this situation and company that we call GAMESTOP.

The tidbit of history you DON'T know?

"At Harvard during the mid-1970s, McCurry and Kusin discussed going into business together but went in separate directions after graduation; McCurry became a consultant for Bain & Company's San Francisco office, while Kusin became a Dallas-based general merchandise manager for the Sanger-Harris division of Federated Department Stores. ... McCurry's and Kusin's business plan met with little interest among venture capitalists until February 1983, when businessman Ross Perot—who knew Kusin's family in Texarkana— offered to provide a \$3 million credit line in exchange for one-third ownership in the company. Perot also advised the entrepreneurs to shelve their plan for immediately opening 20 stores in favor of establishing one outlet, which they would manage themselves until they knew the business inside and out. McCurry and Kusin took Perot's money and advice, and, on Memorial Day 1983, they opened the first Babbage's store in a Dallas regional mall."

There is a direct connection in the beginning of Babbage's with McCurry, Ross Perot, and Mitt Romney (Bain Capital CEO & founder), which was also director in the neostar. Maybe [u/Laser_Haas_eToys](https://www.reddit.com/user/Laser_Haas_eToys/) can power us up a little with that knowledge..
