Finally became a 2xxx holder of gme! Not fucking leaving until the squeeze. I have suffered a lot getting here especially with the loss of our child (still born) and me being diagnosed with DiGeorge syndrome which is a rare abnormal chromosome deletion. I never knew I had the defect until now after 35 years. Please pray for me and my family. Hope we all reach to the moon and beyond! Also have 3xx of movie stock because I love gaming and movies. Hedgefunds don't realize how much suffering we are going through and how resilient and ready we are to become a millionaire. LFG! ■■■
