April 🐼 ~💎👏💖

I read it, but none of this users claims are there. What's their message?

If they post good stuff, I'm sure they'd be welcome here.

There is nothing at the end of the rabbit hole, just more baiting. Ask for anything that isn't smoke and mirrors. This shit has been banned on both gme and superstonk for a reason, and it isn't a double insider conspiracy. No amount of push back will stop RAB followers from trying this every few months.
