Fellow GME'ers, time to make a stand. Time to say we are done cleaning up their mistakes. We have to do something. It is the only way. No more fear. We need courage, community, solidarity, organization. We have to rally around our cause to be taken seriously. We cannot stop until we get what we want.

The funny part is, fairness is all we ask for, and this is how hard they fight us because their whole system is built on exploitation. To that I say, we are many, and we have had enough. Time to take back our country and the world at large through very legal and peaceful means.

Read, sign, share. Let's go.
