I've been a harsh critic for months now...I finally feel confident in saying that this week [@ryancohen](#) proves the 'why tho' & that he's almost as good at Texas Hold 'Em.

Don't worry..remember...you DRS'd your shares. You won't even feel it. Not even a little bit.

...Trades like these I sacrificed for months on behalf of others who'd rather see 'me' fail than 'us' win.

Knowing all the while I could Buy/Hold & Still profit.

DRS opened these 📄 !
