The stars were aligning while this girl was giving me signals. It was all there. She was putting her head on my shoulder, she was touchy and teasing, and we were very close. I went in for the hand hold, she pulled away.

I brought it all up the next day. I got rejected by her last night, and then the GME run up happened.

I will be searching for more females to get rejected by until I'm rich enough to not get rejected.

You're welcome everyone
