All pure-gold, laughable material for a Sunday afternoon. Thank you for this. I do count 1600 Beta Apes here so far, and one of me: Alpha. This is why I am here, and it is a privilege to defend the true direction of Superstonk. Imagine 1600 rookie, beta Apes trying to come at an Alpha, who has fought for retail ever since 2006. Who invested through the market crash of '08/'09 (from an aircraft carrier hangar bay, mind you, back when 'smart phones' with a keyboard were brand new) and who is able to speak to fraud that you have never even heard of. I can tell you: I was there. Always watching. Always learning. And now, I have over a decade of anti-hedge fund revenge built up that has now compelled me to bring known criminals to justice. Ever watch the movie Braveheart? Remember what happens after William Wallace got betrayed? That's right: he rode after those who betrayed him in the night, one by one. Consider me to be Braveheart, now figuratively 'coming after each shill' over reddit, at night. Similar is the case with Neo overcoming 1600 agent Smiths, he tosses each one around like a goddamn ragdoll.
