Green numbers are the mind killer. Green numbers are like that sultry lady at the bar with a dirty look in her eyes. A temptress seeking to make you do irresponsible things.

When we see days like this everybody is calm, everybody is buying, everybody makes fun of shf and so on.

But when we will see days like +100%,+200%..... then the paper handed bitches will show their true form, then we need lots of posts to HOLD and not sell and I am certain that they know this too.

So be strong, stay together and I see you at the moon....GME apes together strong ;)
