If 1 GME share will be worth 50mil+

Why do we need more then a few shares?

I see posts of people selling their cars, doing all sorts of stuff just to be able to buy more GME shares.

Why? If 5 shares would make you more wealthy then 99.9% of the population on this planet and will set up you and your kids/grandkinds for life?

If MOASS is inevitable, why not buy 5 shares and hold?
