What happened to the dividend and the split? It was mentioned 4-6 weeks ago, before the GME quarterly, and then it gets forgotten? What's going on with that, and why is Grapevine seemingly doing nothing beyond the sophomoric tweets of a rich kid playing with his toys? Why can't Ryan Cohen do anything other than play with his twitter account? Seems like the guy would have better things to do than fuck around with stupid twitter shit, you know, like maybe protect shareholders from the criminals that keep fucking us over? Just a thought. (And don't say he's under a gag order, he's not. He is free to speak and defend his company, he simply chooses not to do so.)
