GME SET TO CLOSE ONLY

We would like to update users that [\\$GME \(GameStop Corp New\)](#) is now set to "close only". We have made this change following a notification from our liquidity provider that they have set [\\$GME](#) to close only status - effective immediately.

Please note that users will only be able to submit orders to close any open positions in \$GME. New opening orders for [\\$GME](#) will no longer be accepted.

We will update all if this situation changes.

We would like to remind our users that we are seeing unprecedented market conditions and we may need to extend these restrictions to other stocks at very short or no notice based on our liquidity providers.

Thank you,

The eToro Team [Show Less](#)

Dear Ray,

Apex Clearing, who acts as the custodian of all tastyworks accounts, has informed us that the following symbols (AMC, GME, & KOSS) will be set to closing only order status immediately. You will only be able to submit orders to close out any open positions that you have in these symbols.

New opening orders will not be accepted at this time. We will update our clients should the clearing firm lift the Closing Only status in the near future.

Best,
The tastyworks Team
