The 69 article= Position

■=Shit

I think The Chairman is telling us this about GME..

Shorts are dead. Question Calls. A position in ■ is shit.

Its one interpretation, not the only possible one. I don't want to open up the whole Calls/no Calls thing. You each need to do you. I think that most of us are best off staying out of them(risky business IMHO), but only due to inexperience. Again, you do you.

We are well out of the critical thinking waters here. Pure speculation.

Thanks Sugar Daddy Cohen!!!
