The image is a screenshot of a mobile application interface. At the top, there is a status bar with the time 11:23, a location arrow, and icons for cellular signal, Wi-Fi, and battery. Below the status bar is a white header with a close button (X) on the left. The main content area has a white background and displays the following information: 'Buy 200 Shares of GME Limit at \$88.50 (Day)' and '\$17,700.00'. Below this is a table with order details. The table has two columns: the left column contains labels for various order attributes, and the right column contains the corresponding values. The attributes include Status, Symbol, Description, Action, Quantity, Route, Order Type, Time in Force, Conditions, Trade Type, Market Session, Order Date, and Cancel Date. The values are: Filled at \$88.50, GME, GAMESTOP CORPORATION COM USD0.001 CLASS A, Buy, 200 Shares, FDLM, Limit at \$88.50, Day, None, Cash, Standard, 05/11/2022, 09:32:20 AM ET, and an empty field for the Cancel Date. At the bottom of the screen, there is a thick black horizontal line, likely representing the home indicator on an iPhone.
