After lurking and commenting the better part of the year, I've finally decided to just open a CS account and buy at least 1 share of GME every paycheck and then start transferring the rest of my XX brick by brick. I'm a broke teacher paying for my own Masters degree and eventual Ph.D so this is the best I can do. But I'm sick and tired of all the fuckery!!! I'm ready to keep stacking up more shares the longer this shit takes! Let's Fucking go!!!
