I cut my fingernails but they rapid grew back

I applied all the unguents & washed & scrubbed well

My twitching is timely & it's right on track

For either the MOASS or parasite hell

I spread my cheeks wide & I let them dry out

I kept myself clean, didn't fap, didn't jerk

Now I'm trying out something that I read about

Smearing mayo around to see if that might work

When spreading then spreading, be sure to note this

Use plenty, don't smear just a thin tiny layer

I add cucumber, lettuce, (tomatoes are bliss)

So my butt is a sandwich, then, bread underwear

It's not common wisdom. My thinking is such:

The mayo may "cure", itchy rectum may pass

But if not, I know Kenny loves a nice Hellman's touch

If GME rockets, Ken can come eat my ass.

Thus spake NostradAnus
