****TA;DR**** Since March 2022, more GME shares have been added to ETFs, Mutual Funds, Pension Funds, Index Funds and other funds. Minor increase for ETFs (+356) and moderate increase in other funds (+402,595). Pretty cool given the direction of the market the last 3 months.

****ETF's****

There are currently 119 exchange traded funds (ETFs) that include a total of 6,588,372 shares of GME. I reported 126 ETFs with 6,588,016 shares in March 2022. This is an increase of 356.
