Good morning apes, I am late to the party as usual. I started the transfer out on 5-12 and just called them today to find out the progress of transfer. I was told it is still in process. Can anyone who has transferred out of the soon to be defunct (per wikipedia lol) broker and if so how long did it take to get GME in YOUR NAME!?!

I should have done this long ago but im not the smartest ape. I rely on all the DD from others so that i can spread the word like i know what im talking about.
