Came home today to my cat covered in blood, my whole house covered in blood. He's at the vet, barely saved him. He was in massive shock, bladder nearly ruptured, arrhythmia, nearly bled out, everything. \$7,000 later and he'll be alright. I want to put my fuck you money from MOASS into some animal care funds for people that can't afford it and emergency hospitals, I barely was able to get him care after calling 17 places. GME is my way to create and fund those efforts for others. Pets deserve to be taken care of properly without regard for cost.
