Need an adult and some wrinkles ■!

Found this on <https://www.computershare.com/us/what-is-a-medallion-guarantee>

„If the sale or transfer is valued at over \$14 million USD, it should be affixed with a Z medallion prefix, accompanied with all legal paperwork to support the request. Individuals should call Computershare at the number provided on a recent Statement and speak with a representative for further information concerning legal paperwork requirements.“

Has anyone spoken to Computershare about this?

How are these legal paperworks done and how does it affect an europoor / non-us?

I mean, I love GME and the stonk, but not the paperwork - ouw, yes, that's why its paperwork, it's for paperhands... ■■■■

LFG to the moon ■■■■ but then, how does it look like there and how to come back home with the tendies? ■
