First off, I apologize. I'm posting this from a phone.

You may have remembered me from a while back. I made this post to show connections between RC, DFV, GME and KYOU.

https://www.reddit.com/r/Autisticats/comments/of9jr5/theory_we_werent_supposed_to_know_about/?utm_medium=android_app&utm_source=share

Since then I made several other posts in here showing graphics like this...posts such as:

https://www.reddit.com/r/Autisticats/comments/ozlv5x/all_on_the_rothschilds_thanks_for_the_crumbs_mr/?utm_medium=android_app&utm_source=share

https://www.reddit.com/r/gme_capitalists/comments/oo20qs/another_angle_to_rcs_latest_tweet_interesting/?utm_medium=android_app&utm_source=share

As you can see my posts always get downvoted to all hell. I know I have bots and shills following me but it's not going to deter me from showing you all the connections and graphics I have made. Make of them but you will.

As you can see from the above, tweets from RC, DFV and Gamestop among others, appear to tie into KYOU drops.

I have also noticed that price action and closing data ties into the drops as well. Keep in mind that KYOU posted almost 5000 different drops covering a wide variety of different subjects. 5000! Thus when multiple connections are made in regards to wording and content, it should cause you to raise an eyebrow.

I'm a firm believer that there is a plan taking place to systematically destroy the Cabal and Gamestop is a part of that. I'm also a firm believer that the good guys are in complete control.... and that control includes certain parts of the market...certain parts being SPY (Big tech ETF) and GME.

So here are a few more graphics to munch on...

As you can see, Saudi Arabia and Rothschilds (aka [y] aka **) are recurring themes in these graphics. For some reason the drops that are pulled into the GME/SPY comms many times contain these two subjects. I

can understand why with the Rothschilds because they are the heads of the Central Bank and this squeeze is going to cost them butloads of cash.

But why Saudi Arabia (SA)? What is the connection there?

I'm hoping some other people in this group can help dig and find what our insider is trying to tell us...

If you made it through this far, you are amazing. Thanks for sticking with me.

Remember, NOTHING CAN STOP WHAT IS COMING.
