What happens if you have the biggest Army and your Economy stalls?

[US Debt to GDP](<https://preview.redd.it/uo0r6fkr3tj81.jpg?width=856&format=pjpg&auto=webp&s=d0d2be5fd4caeb3d62c2f07f0d2da8e5d544259b>)

What if it is a big Club and you aren't in it?

If [the American] people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and corporations that will grow up around [the banks] will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered. The issuing power should be taken from the banks and restored to the people, to whom it properly belongs." - Thomas Jefferson 1816

If you allow a monetary system which promotes centralization to run its course for centuries, you will always be presented with the same result. A global elite with unparalleled power over the general population. So unbelievably powerful, its unfathomable to be possible by the general public.

[Who is this dude in a space emperor suit?](<https://preview.redd.it/p2y4ts3uusj81.jpg?width=1068&format=pjpg&auto=webp&s=da6df78573dcc13d0a5ef669db9bf6b5ae553919>)

Meet Klaus Schwab. Schwab runs the World Economic Forum with a clear vision. The vision implies a world in which there are Slave masters who own everything in a "stakeholder society" and slaves who "own nothing and are happy". How would you go about to make this vision reality? I present to you the "Young Global Leaders" program. Here is a short clip

[Click](<https://www.youtube.com/watch?v=PbVD4tB4cVQ>). After watching the clip, you might argue that the WEF is just another meet and greet for stakeholders in the global economy. Maybe but who is the other dude in the clip? **And why does he meet with other politicians and rich fcks in the forest, wearing robes, chanting shamanic gibberish and proceed to burn a hay figure called Mola?*

[Click](<https://www.youtube.com/watch?v=CXAzGYuxbFg>) I don't know, but its pretty clear thats some batshit crazy stuff. We need to take the matters in our own hands and DRS the float. I dont think any of these cultist will help.

There is a DD floating around which implies that the DOJ got only active recently in order for the US markets to safe face. I fully agree with it. This is pure damage control. GME will hit Alpha Centaurie as soon we have DRSD the float. We can stop the game. CANT STOP WONT STOP GAMESTOP. **
