Is there any kind soul from Singapoor who can help me go through the transfer from Saxo to IBKR step by step?

I've already opened an IBKR, bought 2 GME and initiated a DRS transfer to CS. That part was real easy. But when I tried to follow the drsgm e instructions I still encountered some trouble with the application.

Gonna be transferring a fairly large number of shares so it's a little scary. Thanks a lot in advance!
