I appreciate that! I am almost done and will give you a confirmation code right after.

Thank you

Okay, so DRS over chat is a new feature as of yesterday, I am having a problem with my system. I am going to reach out to our back office to see why I am having this problem, but it can take a few minutes. If you would rather, we have no wait times on the phone if you would rather call in. I apologize about the wait already.

That's okay, I will try again tomorrow when the issue may be resolved. I appreciate your efforts. Have a nice night!
