Through **RC Ventures**, Cohen sold all of his shares of BBBY stock for between [\\$18.68](#) and [\\$29.22 each](#). This came after the firm bought call options on 1.67 million shares on Monday.

News of that call options purchase sent shares of BBBY stock rocketing higher throughout the week. As a result, Cohen's RC Ventures saw a profit of \$59 million from the investment. There's also potentially more profits to be made from its options.

Cohen is a big name among investors in meme stocks. The executive founded pet e-commerce company **Chewy** (NYSE:[CHWY](#)). He is also currently the chairman of **GameStop** (NYSE:[GME](#)), an infamous favorite among meme traders.

News of Cohen selling his shares of BBBY isn't just dragging down that meme stock. It's also affecting other shares today. Let's take a look at that below!

Meme Stocks Falling on Friday

- BBBY stock is down 40% as of Friday morning.
