Step 1: Direct Registration/Stock Certificate Request

1 2 3

Why do I need a stock certificate?

Effective January 1, 2009, E*TRADE and other broker-dealers will no longer be able to fulfill paper stock certificate requests for exchange listed securities and for the majority of non-listed securities. Instead E*TRADE will default paper certificate requests to electronic registration directly with the transfer agent using the Direct Registration System (DRS) in place of issuing a paper certificate. DRS is a book entry system that enables E*TRADE to directly register and electronically transfer your shares from your brokerage account to an account automatically established at the transfer agent in your name. [Learn more.](#)

To electronically register your shares with the transfer agent or proceed with a paper certificate request please follow the steps below:

1. Select account in the pull down menu below. Click Preview.
2. Indicated number of shares for each company that you would like to receive paper certificates. **Please note all requests will default to electronic registration with the transfer agent for all exchange listed securities. In the event the security is NOT eligible for electronic registration a paper certificate will be mailed to you for a fee of \$0.00 for domestic companies and \$0.00 for international companies.**
3. Click Preview.
4. Review your request. **Please note electronic registration of your shares with the transfer agent is FREE. For non-exchange listed securities the paper certificate fee is \$0.00per Domestic company and \$0.00 per International company.**
5. Click Confirm.
6. E*TRADE will electronically transfer your shares to the transfer agent within 3-5 business days.
7. The transfer agent will issue you a statement of ownership in place of issuing a paper certificate and mail to the address on record within 7-10 business days.
8. Once you receive your statement of ownership in the mail, you may contact the transfer agent directly and request a paper certificate. **Please note some transfer agents have adopted a "Paperless Certificate Policy". It is at their discretion whether or not to issue paper certificates.**

Important Information:

Paper certificate requests for Exchange Listed securities and the majority of Non Exchange Listed securities will be electronically transferred to the transfer agent via the Direct Registration System (DRS) in place of requesting a paper certificate. In the event the security is NOT DRS Eligible a paper certificate will be mailed to you for a fee of \$0.00 for domestic companies and \$0.00 for international companies.

To request certificates for securities held in multiple accounts, you will need to complete this form separately for each account.

Please select the account from which you would like to request shares and then click Preview:
