I am a 35-year-old man who came 5 years ago from Venezuela in search of the American dream, but I was very disappointed when I realized that corruption in the United States is equal to or worse than in Latin American countries, for that and many more reasons and as an information engineer who works for uber to earn a living and pay his bills, I feel that every sweat, every mile and every effort is a sacrifice that must be made before touching the moon, Hodling for a year and adding 3,299 more in the infinity pool..

[ One week of work with Uber services just for you apes! ](<https://preview.redd.it/f18h48vehmt81.jpg?width=1440&format=jpg&auto=webp&s=1bfe2d02979ada5f18dff944c80e9b29848f1f64>)
