Im just a lurker and skim through most posts. Im likely WAY behind on this loopring, NFT stuff. I know GME and Loopring have a partnership, but thats about it.

Could anyone summarize for me the loopring - GME parnership, what NFTs are or why i would benefit from them? Should i bother with the whole loopring /NFT thing?

Im interested in crypto moving forward. But from what I've read about NFTs, im pretty meh about them.

Thanks in advance for the info. Sorry my brain is so smooth...
