This is related to AMC and fighting corruption. If you like this shit DD, please crosspost for visibility.

It is apparent that Gamestop is leaving us hints to find the Easter Egg in this jacked up battle between APES and Hedgies...and obviously 741 is a clue to find the first key in this scavenger hunt...

...Just like in the movie "***Ready Player One***"....

[Power to the Players](https://preview.redd.it/ydtws73fitt71.jpg?width=2000&format;=jpg&auto;=webp&s;=394f143a837993328e2f26c2a6239fb0c7e39526)

If you haven't seen this movie, **I would suggest you do so...soon**. Ready Player One is LOADED with Pop Culture. The movie itself is LITERALLY the same battle going on between APES and the Hedgies. Except in the movie it is a different industry enslaving the population...gaming. The population was so addicted to this one virtual reality video game called The Oasis, that gaming WAS the market.

People would enslave themselves for new gaming gear....and I could kind of see why. The real world they were living in was a hellhole...and the Oasis provided a world where you could be who you wanted, without having to live up to societies standards. In the movie, the inventor of this game is named Halliday. Halliday was a good dude...a misunderstood dude...an autistic dude. Halliday created The Oasis to escape society. For context, the Oasis is in many ways like Fortnite or Minecraft....but in Virtual Reality.

When Halliday died, in his will, he left his gaming company to whoever would find the Easter Egg that he hid in the game. He did this because he knew whoever found it would have such a love of video games and pop culture, that they wouldn't even think about selling their control of the company for money. So this started an all out race between APES and corporate conglomerates to FIND THE EASTER EGG.

Why is this movie relevant to our current situation? Because I believe RC and company is telling us that we must find the easter egg hidden in our "game" before the market crash, or the market makers will build a new system to suit them.

RC and Company have been giving us clues to something...all of these clues add up...but I do not know what it adds up to. The biggest and best clue is right out in the open....in GME's twitter bio... this clue led me to figuring out where we should look next.

UP UP, DOWN DOWN, LEFT RIGHT, LEFT RIGHT, B, A, START

...otherwise known as the Konami Code. It is a built in cheat code for the Konami video games. This reminds me of the movie, "Wreck It Ralph"...for a couple of reasons. (another one you need to watch)

1. Wreck It Ralph is also loaded with Pop Culture

2. In the movie, King Candy uses the Konami code to overwrite the video game so he can rule over a video game because he destroyed his own game based off greed and jealousy...this in turn creates a "glitch" in the game. It replaces Venelope (main character of the main video game within the movie) with King Candy so he can rule over Princess Venelope's Kingdom...without her knowing what happened. She

just thought she was a mistake in the game.

The reason this seems to be relevant is because of the theory that has been tossed around that retail is not seeing the real price of the stocks. We are seeing some sort of scaled down version of the price action. Only the Shitidel and friends know the truth...like King Candy and his Devildogs knows the truth about his place in the game.

Speaking of pop culture...King Candy is guarded by OREO's. This is a red flag to me. Remember u/LehmanParty and [his post](https://www.reddit.com/r/wallstreetbets/comments/mzkumu/markets_crash_ever_time_oreo_releases_an_even/) about how the Double Stuffed Oreo is some kind of bat signal..or warning to the elite that the market is overinflated and will crash??? Well why are Oreos guarding King Candy?....the one who is running an evil scheme!

Glad you asked...

One thing u /LehmanParty didn't mention is that when Jewish people migrated to America, the illiterate would sign their name with an X to resemble Jesus Christ. But there was a group of illiterate Jewish people who hated Jesus Christ and would sign their name with an O. If you look on the oreo cookie, you will see an O with an antenna on it.

If you follow the history of the federal reserve, market crashes and the world wars, it lines up with the rollout of the Oreo cookie. Even during the America Civil War the flags were X's and O's...the confederate flag bared an X...the Continental Flag bared an O. But Lincoln (who was treated like Trump) screwed things up for the O's, so they assassinated him.

The reason for the X is because after Christ was crucified, Judaism fell. Then Christianity came along and it co-opted the "x." In Christian texts, one abbreviation of the Greek word Christos (meaning messiah) used the first two Greek letters of Christos, chi (X) and rho (P), combined into one shape. So both orientations of crossed lines—X shape and the more-or-less lower case T shape—took on religious significance among Christians.

No one knows exactly how this happened: One story is that in 312 CE the Roman Emperor Constantine saw the chi-rho in a dream in which God told him "in this sign you will conquer." Constantine went on to legalize Christianity, which later became the official religion of Rome. Once it was a sacred symbol, the "x" came to mean "faith and fidelity,".

Anyways...moving on....

The elite also use gematria to decode messages on covers of magazines and websites. They communicate in plain sight.

Take the twitter post by Gamestop for example... OAAOOAPA

This decodes into several things...but one phrase it decodes to is, "Moon Baby". Interesting, huh?

Some users have suggested this could be a Blockchain code....I will get more into blockchain later.

[MOON BABY](<https://preview.redd.it/nfccsjncott71.png?width=1920&format=png&auto=webp&s=8be76acf02baa4cb62d8f8e944e6f02ff64a7657>)

There are hidden messages in the Bible using Gematria. Revelations 13:18... "Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six."

This suggest 666 is a person. In gematria, [that translates to Nero Ceasar.](<https://www.sciencealert.com/what-is-the-secret-meaning-behind-the-devil-s-number-666-mathematics>) If you do your research on that guy....you will understand more about what is happening and why America is what it is. [Nero Ceasar](<https://www.britannica.com/biography/Nero-Roman-emperor/The-approaching-end>) was the nephew of Caligula....his mother was insane and when she got Nero into power (at age 16), she had him kill all the Christians in Rome. So that dubbed him the AntiChrist.

Is the 5 ringed insignia, used to symbolize the Olympics, starting to make sense?

741

This number has also been linked to the tweet....as well as Ryan Cohens latest twitter post. The game display in the background has 7 games, 4 controllers, and 1 console...

I did not think too much of it until the recent price action on a few stocks....AMC and HOOD. Check out the highs of the day....41.7[x]

[AMC 41.7\9\] daily high](<https://preview.redd.it/i4vb4dslrtt71.png?width=1920&format=png&auto=webp&s=797d868b07c1770fac6b0488eb95caa7f4df2eeb>)

****THE NUMBERS 741 ARE USED AS A CHEAT CODE!!!! They are used to trigger certain price action and the \x\ value tells it how hard to fall.****

When the Quants built Citadel Connect, they built it to be able to be manipulate the price of any stock just by the numbers 7, 4, and 1 are used to be THE RESISTANCE....7, 4, and 1 is the selling pressure. I am sure other numbers do certain things.

I do not have the resources to look, but I am positive that if you did some digging, you would find this pattern in other places.

And not just stocks.... I am 100% positive it is a bat signal for something....check out the Wiki box office numbers for the Movie Wreck it Ralph...

All the confirmation I need to know I am on the right track...but where do we go next?

Glad you asked...

In the movie Ready Player One, Wade (the main Character) goes to an in game library that has all of Hallidays memories and moments on file....and this is where he finds information on finding the 2nd key to the Easter Egg.

I recently saw where a company created an uncensored library in the game Minecraft.

In a virtual library found in Minecraft, a game where users can build virtual worlds out of blocks and create their own storylines... users can access the work of journalists who have been killed, jailed or exiled by governments, including articles by Saudi journalist Jamal Khashoggi.

The project, launched by Reporters Without Borders, design collective Blockworks, advertising agency DDB Germany and production company MediaMonks, gives users access to articles banned in five countries that rank poorly on the nongovernmental organization's World Press Freedom Index: Egypt, Mexico, Russia, Saudi Arabia and Vietnam ... Work by Javier Valdez — a Mexican journalist who founded the Riodoce newspaper dedicated to crime and corruption and was killed by gunmen in 2017 — can also be read in the library, which creators call “a loophole to overcome censorship.”

Texts by exiled Vietnamese human rights lawyer and blogger Nguyen Van Dai are also showcased, as well as articles from Russia's blocked grani.ru website and Egypt's blocked Mada Masr portal.

This is where we look...there has to be something in here that will shed light on where we need to go and what we need to learn.

If I were a Financial Quant working for Hedge Funds to rig the market and wanted to leave bread crumbs for people...I would put my bread crumbs (code for the algos) here. Or they could just be collaborating here...think about it...you can write, store, review, download, upload all sorts of information. It doesn't have to be news articles.

MY TITS ARE JACKED!!!!!!

There are many many meanings behind 741...here are a few that has peeked my interest.

1. The alpha numerical conversion would be GDA. Go check out [GDA Capital](https://gda.capital/).
2. 741 hz is a healing frequency and helps you [awaken your intuitions](https://www.youtube.com/watch?v=i6_VhQ-sogs).
3. The 741 op-amp is a near-perfect amplifier. The op-amp has a wide frequency response. This means the frequency of the signal being amplified has little effect on the operation of the amplifier as compared to other amplifiers. It has a high gain capability and can be adjusted for zero offset voltage. Having a zero offset voltage means it has features that allow the amplifier output to be adjusted to absolute zero voltage.
4. While looking into Chapter 7 bankruptcy, I came across this [Article 41 for the state of Texas and becoming exempt from seizures of land.](https://statutes.capitol.texas.gov/Docs/PR/htm/PR.41.htm)
5. From the Charter of the United Nations, Chapter 7 - Action with respect to Threats to the Peace, Breaches of the Peace, and Acts of Aggression, Article 41 - The Security Council may decide what measures not involving the use of armed force are to be employed to give effect to its decisions, and it may call upon the Members of the United Nations to apply such measures. These may include complete or partial interruption of economic relations and of rail, sea, air, postal, telegraphic, radio, and other means of communication, and the severance of diplomatic relations.
6. On page 41 of the PDF of Chapter 7 Bankruptcy, it tells you how to get your property back if the banks default on your loan

<https://preview.redd.it/6i2rafpoxiu71.jpg?width=576&format=jpg&auto=webp&s=87ceefa9a7fe9e6005122ad2cfd580939cf81cb7>

And last but certainly not least, my personal favorite...Luke Chapter 7: Verse 41-50...

****41**** "Two people owed money to a certain moneylender. One owed him five hundred denarii, and the other fifty.

****42**** Neither of them had the money to pay him back, so he forgave the debts of both. Now which of them will love him more?"

****43**** Simon replied, "I suppose the one who had the bigger debt forgiven."

"You have judged correctly," Jesus said.

****44**** Then he turned toward the woman and said to Simon, "Do you see this woman? I came into your house. You did not give me any water for my feet, but she wet my feet with her tears and wiped them with her hair.

****45**** You did not give me a kiss, but this woman, from the time I entered, has not stopped kissing my feet.

****46**** You did not put oil on my head, but she has poured perfume on my feet.

****47**** Therefore, I tell you, her many sins have been forgiven—as her great love has shown. But whoever has been forgiven little loves little."

****48**** Then Jesus said to her, "Your sins are forgiven."

****49**** The other guests began to say among themselves, "Who is this who even forgives sins?"

****50**** Jesus said to the woman, "Your faith has saved you; go in peace."

Needless to say, what is happening is Biblical
